PROFESSIONAL SUMMARY

BCA graduate with **9.55/10 CGPA** and professional experience in software and web development. Strong foundation in **Python, Java, C/C++, SQL, OOP, Data Structures and Algorithms, Web Development, and Database Management**, with hands-on experience in Python Flask, .NET, C#, JavaScript, and SQL Server. Proficient in **MS Word, MS Excel, MS PowerPoint, and MS Outlook**, including advanced Excel functions, data analysis, reporting, and presentation preparation. Strong analytical, problem-solving, communication, teamwork, and adaptability skills. Seeking a **Graduate Trainee** opportunity to contribute to technology and business solutions while developing professional expertise.

PROFESSIONAL EXPERIENCE

Python Developer | Paul Tech Software Services Pvt. Ltd. | May 2025 – Present

- Develop and maintain web-based applications using Python, HTML, CSS, JavaScript, and database technologies.
- Build responsive and user-friendly interfaces with emphasis on usability, functionality, and cross-browser compatibility.
- Integrate application components with databases and support efficient data storage and retrieval.
- Troubleshoot, debug, test, and enhance application functionality to improve reliability.
- Collaborate with team members on development tasks and maintain structured, reusable code.

Web Developer Intern | Generix Info Tech Pvt. Ltd. | Mar 2025 – May 2025

- Developed responsive web pages using HTML, CSS, JavaScript, and Bootstrap.
- Applied UI/UX and responsive design principles to create accessible and user-friendly web interfaces.
- Gained practical exposure to front-end development, database concepts, and back-end technologies.
- Participated in testing, debugging, and improving website functionality while working with team members.

PROJECTS

Online Vehicle Service Management System

Technology: Python, Flask, HTML, CSS, JavaScript, SQL Server, Visual Studio Code

- Developed a web-based vehicle service management application to digitize and streamline service-related activities.
- Implemented SQL Server database connectivity for organized storage and retrieval of vehicle and service information.
- Designed responsive and user-friendly interfaces using HTML, CSS, and JavaScript.

Class Management System

Technology: C#, .NET, SQL Server, Visual Studio 2022

- Developed a centralized web-based platform for faculty, courses, attendance, grades, and fee management.
- Applied Object-Oriented Programming concepts using C# and .NET and managed data using SQL Server.
- Focused on improving organization, accessibility, and efficiency of academic administrative processes.

EDUCATION

Bachelor of Computer Applications (BCA) | Jamshedpur Women's University | 2022 – 2025

Specialization: Computer Applications | **CGPA: 9.55/10**

Intermediate | Jamshedpur Women's College | 2020 – 2022 | **70 %**

TECHNICAL SKILLS

Programming Python, Java, C, C++, C#

Web Technologies	HTML, CSS, JavaScript, Bootstrap, Flask, ASP.NET, .NET
Database & Tools	SQL, SQL Server, Git, Visual Studio, Visual Studio Code
Core Concepts	OOP, Data Structures & Algorithms, Database Management
MS Office	MS Word (Basic–Advanced), MS Excel (Basic–Advanced), MS PowerPoint, MS Outlook
Excel Skills	SUM, SUMIF, COUNT, COUNTIF, IF, AND, OR, VLOOKUP/XLOOKUP, INDEX-MATCH, sorting, filtering, conditional formatting, data validation, Pivot Tables, charts, Text to Columns, Freeze Panes, date functions

CORE COMPETENCIES

Analytical Thinking | Problem Solving | Communication | Team Collaboration | Time Management | Leadership | Adaptability | Quick Learning | Attention to Detail | Decision Making

CERTIFICATIONS

Web Designing | Web Development
